CONTRACTOR

Peters Construction

CONSULTANT

Hurley and Stewart

Background

Project Background

- Scheduled Capital Improvement Project
- Postponed from 2021 due to supply chain shortages
- Additional improvements informed by neighborhood plans

Neighborhood Plan Alignment

Oakwood, Oakland/Winchell, Parkview Hills

Improve/widen bike lanes on Parkview Avenue
(All 3 plans noted)

Create safe connections between Oakwood &
Oakland Winchell neighborhoods

Broadway & Parkview intersection was
specifically noted to study for crossing

Planned Improvements

Water System Improvements

- Upgraded Water Main
- New Fire Hydrants
- New water service lines
- Coordinated Asset Management approach saves taxpayers money

Repaving & Restriping

- Repaved roadway from Tamsin to Oakland
- Vehicle lanes will be right-sized to calm traffic
- Using the additional road area, bike lanes will be widened

Pedestrian Improvements

- New sidewalk on north side of the road from Broadway to Barnard
- Crosswalk with a pedestrian island will be added at Barnard
- Additional sidewalk will be installed on Barnard

WATER SERVICE IMPROVEMENTS

New water main, water service lines, & hydrants.

PEDESTRIAN IMPROVEMENTS

New sidewalk on north side from Broadway to Barnard. New crosswalk & pedestrian island at Barnard.

REPAVING & RESTRIPIING

Repaving, right-sized vehicle lanes, wider bike lanes.

New sidewalk and ADA ramp repairs on Barnard from Parkview to Springmont

Traffic Impacts (cont.)

- Signed detour routes and message display boards will be present
- Pedestrians and bicyclists will have access to the sidewalk along Parkview Avenue for most of the work
- Traffic patterns will be monitored with Public Safety

Water Service Impacts

- There will be planned temporary water shutoffs and precautionary Boil Water Advisories (BWA) as a result of water main work
- Residents will receive a door hanger at least 48 hours prior to a planned water shut-off and will be notified when precautionary BWAs are lifted.
