

PORTAGE STREET ROAD PROJECT

Three lanes and bike lanes extended on to Pitcher up to Michigan

Pitcher will generally be striped :

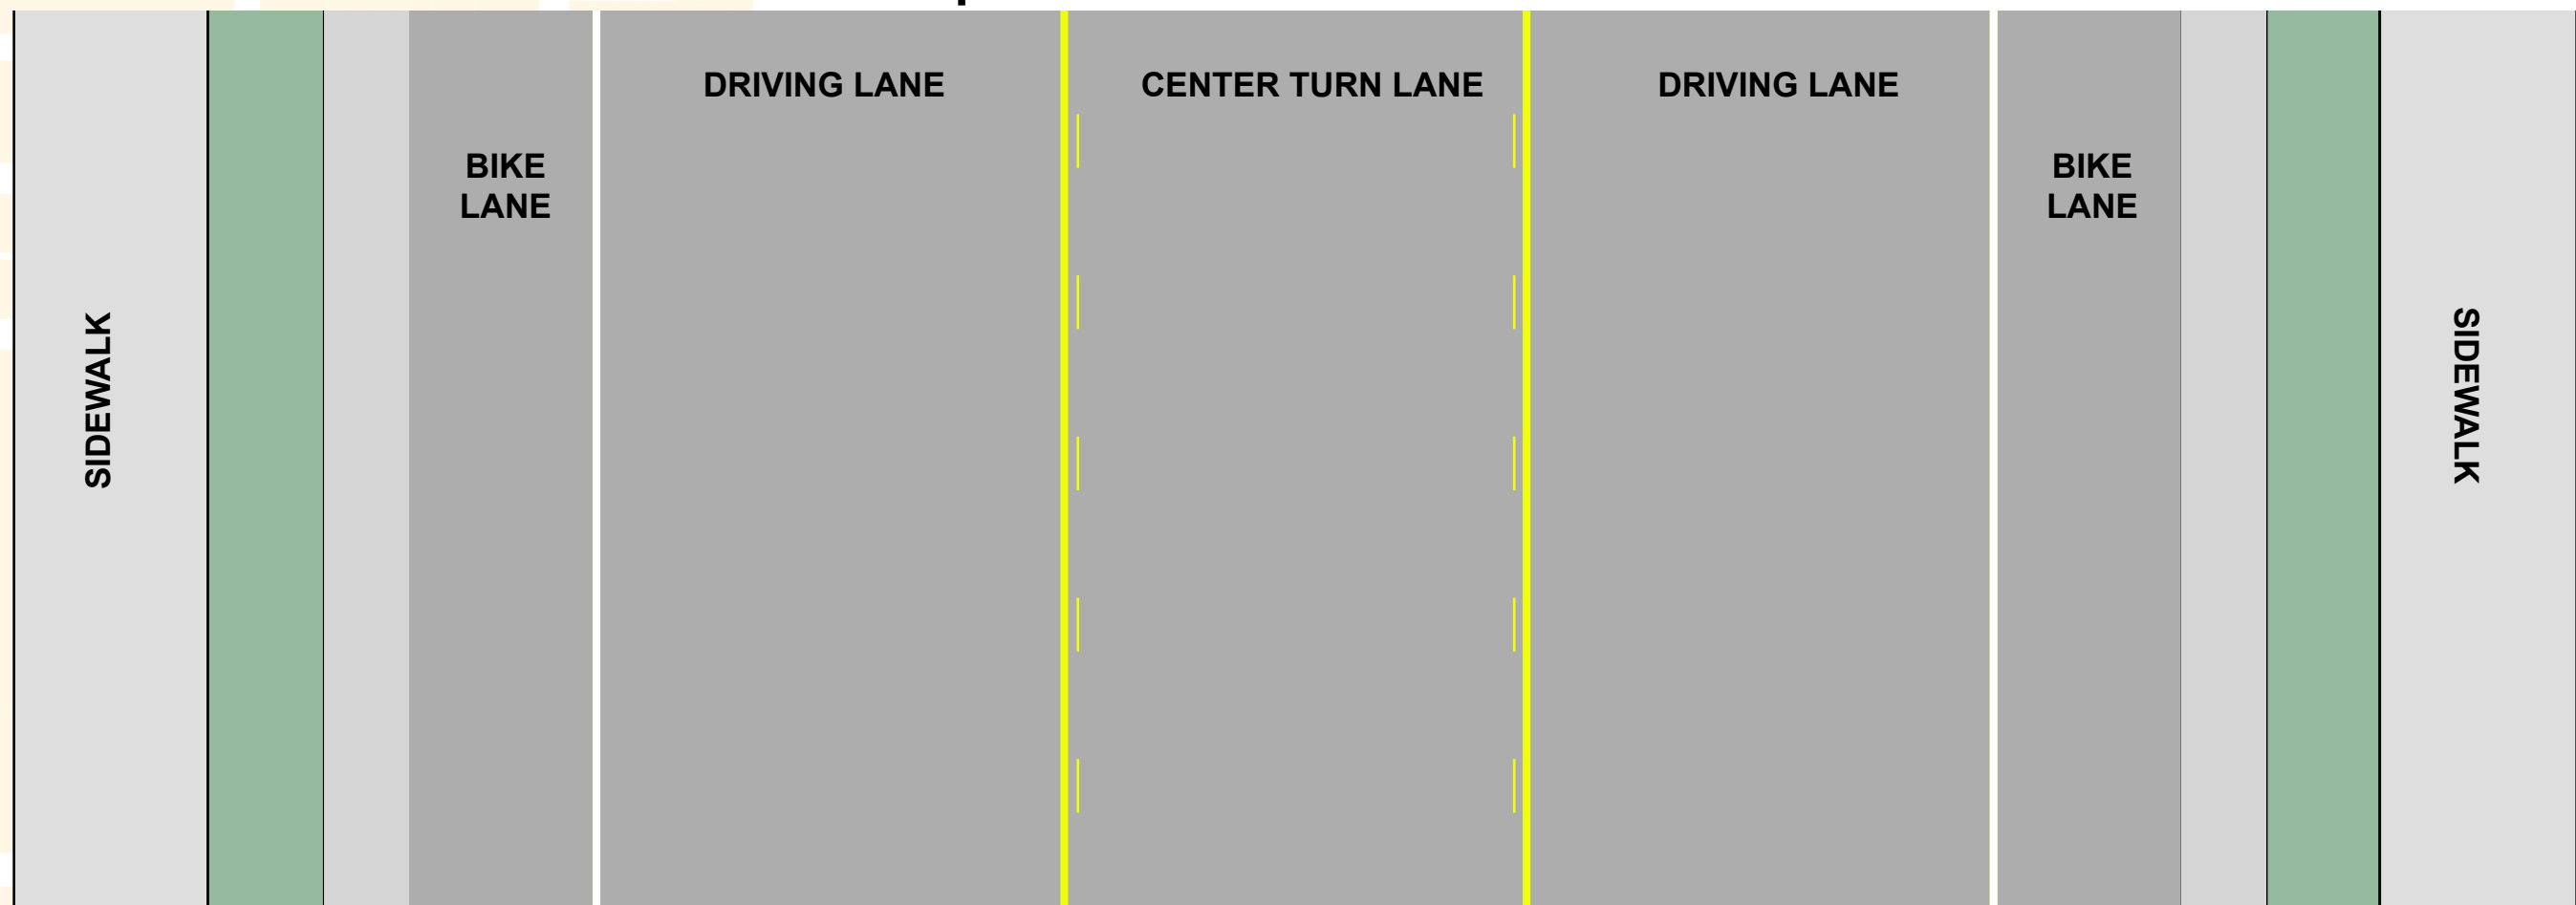

Water Main replacement from Stockbridge to Walnut

Sidewalks and ADA ramps repaired along entire project as needed

On street parking, wider sidewalks, and decorative pedestrian scale lighting in the Washington Square Commercial Corridor

Portage St. will be 2 traveling lanes, 1 turning lane and bike lanes from Stockbridge to where it meets with Pitcher. Portage will generally be striped :

A second phase of the road diet on Portage St. from Stockbridge south will take place at a later date that is to be determined.

Traffic light timing improved
